Re.No.NMCJ/20 -20

Date: / /

7.1.2: The Institution has facilities and initiatives for

1) ALTERNATE SOURCES OF ENERGY & ENERGY CONSERVATION

The institution has installed two Electricity generation plants (on greed) from solar energy in the two separate campus. The generation capacity of the plants is 10 Kw and 5 Kw.

(A) Alternate Source of Energy:

Solar Plant No. 01 – 10 KW on Greed

Solar plant plates of 10KW

Solar Panels

Solar Panels

Solar Panels

Solar Power systems AC-DC & Inverter

Solar plant Meter

(B) Energy Conservation Measures :

Use of LEC Energy Saving Bulbs and Tube Lights :

LED Tubelights in Chemistry Lab Main Building Campus

LED Tube lights in the Jagdish Chandra Bose Seminar hall

LED Tube lights in Administrative Office

LED Tube lights in and Record room

LED Tube lights in the Waiting Room outside Principle Cabin

LED Tube lights in Administrative Office

Save Electricity, Lights/Fans should be switched off, if not in use... (Stickers)

(B) Generator:

62 KVA Generator has been fixed in the campus. Generators with capacity of each 62.5 and 42 KVA facilitate the required power backup for the whole college, where as laboratories are supported with a backup of 48KVA.

62 KVA Generators

62 KVA Generator has been fixed in the campus.

2) MANAGEMENT OF THE VARIOUS TYPES OF DEGRADABLE AND NON-DEGRADABLE WASTE

The College has developed a vermicomposting unit adjacent to the Botanical garden. The degradable waste from the garden is used in this unit. It produces good amount of fertilizer which in turn is useful in the Botanical garden. Vermicomposting unit is also a part of curriculum and unit is helpful for hand on training to this students.

A) Degradable Waste:-

Vermicomposting Plant in our college campus. It was working for development of organic fertilizers. Which is useful for convert soil into more productive

Degradable waste is used for making fertilizer in composting unit

Degradable waste is used for making fertilizer in composting unit

Degradable waste Collection

Main Building Campus is cleaned and Degradable waste Collection

Waste is collected which is deposited in dumping ground

Dustbin for College Campus

Students take up campus cleaning drive

Campus Cleaning by Students

Campus Cleaning by Teachers and Non Teaching staff

Campus is cleaned and waste is collected

(B) Non Degradable Waste:-

a) Liquid Waste Management-

All the non hazardous liquid waste from basin is collected into drainage tank through the systematic drainage pipe which maintains pH Values. The hazardous waste liquid is also collected in bottle and disposed off separately.

Non-hazardous liquid waste is collected in systematic drainage pipe which Maintains Ph values

Chemical Collected in Drainage Tank

b) Non Degradable E-Waste Management:-

Our college has signed a MOU with Flash Light for collection and disposal of E-waste in environment friendly ways. The scraped spares of computers, printers and other peripheral are collected by them and disposed of accordingly.

3) ALTER WATER CONSERVATION:-

1) Rain water Harvesting.

In our College, we are installed the Rainwater Harvesting (RWH) by the collection and storage of rainwater rather than allowing it to run off. By this we trying to avail sustainable source of water and encourage the students for implement Rain Water Harvesting at their locality or home

Rain water harvesting Collage building back sides

Rain water harvesting

II) Borewell Recharge:-

Borewell recharging mainly focuses on utilizing surface or rooftop water that has been harvested and places where run-off water starts to percolate through Vee Wire Screen Filters. The water then passes through Vee Wire Screen Filters and percolates into the borewell.

Campus building roof areawater Collect then we Borewell Recharge System

III) Maintains of Water Bodies and Distribution System in the Campus:-

Our college builds the many water storage bodies in college premises. It's helpful for water use for college Students, Teacher, Practical Lab, College Canteen and for College Garden. Also its use for drinking water RO plus UV plant of college. That provides filter drinking water for college Students and Staff. It helps ovoid any bacterial dieses infection.
